

Expert Group on Human Health and Well-being

First meeting, 23-24 January 2018, Bratislava

Frank Wolter
Nature & Forest Agency
LUXEMBOURG

How do you/your organisation contribute with your work to the field of Human Health and Well-being?

Awareness raising in cities

Research project on promotional concepts on Human Health and Well-being in relation to forests

Please describe a successful example(s) in your country/by your organization

VR forest lounge

Pop-up forest

Therapy forest

What are major challenges related to the given topic in your country?

- Lack of awareness raising in cities (PR research project)
- Legislative constraints in relation to access rights to forests and civil responsibility of forest owner (in progress)
- Trade-off management with other forest functions (PFN)
 - Biodiversity (in case of large organised social events)
 - game hunting
 - wood harvesting
